

RECESSED MOUNTED "AR1 FRAME "

- Traditional square shape.
- Additional length in one luminaire side (internal compartment) to install lamp holders.
- Lighting distribution:
 - Downward light from the punched optical diffuser.
 - Spill luminance via the frame reflector.
- Normal (or electronic) ballast.

LAMPS

T8 lamps : 18 w , 36 w .
Compact fluorescent lamps: 11w,18w, 36w , 55 w .

Light controllers :

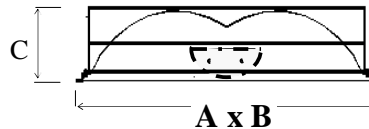

- Punched metallic parabolic optical diffuser for lamp screening.
- Curved frame reflector, producing indirect lighting.

Frame reflector material :

- “S” : Anodized matted "satin" aluminum reflector.
- “P” : Steel sheet painted electro statically, white color.

LUMINAIRE TYPES & DIMENSIONS

LUMINAIRE TYPE	LAMP (S)	DIMENSIONS	
		AxB	C
1 18 RAR1	1x18w T8	595	95
2 18 RAR1	2x18w T8	595	95
1 36 RAR1	1x36w T8	1195	95
2 36 RAR1	2x36w T8	1195	95
1 11 RAR1	1x11w CFL	297	95
1 18 RAR1	1x18w CFL	297	95
1 36 RAR1	1x36w CFL	595	95
1 55 RAR1*	1x55w CFL	595	95

(add reflector material to the luminaire type).

T8 : Ø 26 mm traditional tubular fluorescent lamps.

CFL : compact fluorescent lamps.

"*" : Unit with electronic ballast only.
